Christmas Tree Pruning - Volunteers Needed!

Hockleycrest Farm, 933445 Airport Road (east side) (Dufferin County Road 18), 4.4 km north of Highway 9 at Mono Mills

Tuesday, July 26th, 2016 - 9am

Our last Christmas Tree pruning this year is next week. Step ladders are not necessary as the trees are short enough to reach the tops. We will provide the pruning equipment, and we will provide "on the spot" training for everyone. Bring sunscreen and repellent and your wonderful energy - these trees are our future funding income!!!

ALL DAY BARBEQUE & INFORMATION TABLE

**** 1:00 PM Special Nature walk with Don Scallen ****
The Trees of our Forests: Peril and Promise. Don Scallen is a nature writer, science teacher and president of the Halton/North Peel Naturalist Club. Join Don for a hike through the forest ecosystem of Glen Haffy Conservation Area to identify trees and discuss the introduced pathogens now attacking ash, beech and butternut. Don believes that a worthy response to the loss of these trees is to diversify our forests by planting a wide range of native trees. As a symbol of this response Don will offer an oak or hickory seedling to each participant.

CHILDREN – HELP US BUILD A BOARDWALK
All hikes are free and are guided by experienced volunteer leaders. The hikes are introductory, at a slow to moderate pace. Meet at the Forest View Picnic Area at the Glen Haffy Conservation Area.
