Managing Invasive Species on our Trail

Virtual Zoom Webinar

Thursday, April 22, 2021 - 7-8 pm

Join the Caledon Hills Bruce Trail Club this Earth Day!

Invasive species are a threat to the biodiversity of our ribbon of wilderness along the Niagara Escarpment. This webinar will focus on three of the invasive species of big concern: Garlic Mustard, Dog Strangling Vine and Common Buckthorn. Find out how you can identify these invasive species and what role you can play in managing them to minimize their spread.

You can now register for our Earth Day webinar!

You'll find more details in the [Land Stewardship section](#) of CHBTC website.

You do not have to be a BTC member, but you must register to attend.

Volunteer Needed - Trail Captain

Caledon Bruce Trail Club is looking to fill a Trail Captain volunteer position.

The trail is divided into multiple sections, each from 4 to 10 km in length. A trail captain is assigned to maintain each section. Frequent visits, especially from spring to fall, are required. Trail captains repaint the blazes once every 2 to 3 years, trim back any vegetation encroaching onto the trail, pick up garbage, mow grass and weeds, and renew signage. Fallen tree limbs are frequently found on the trail. There are also numerous structures: bridges, boardwalks, stiles, steps, side-logs and water-bars, all of which need to be monitored and kept in good condition. If a large problem presents itself, the trail captain reports it.

If you are interested in this position or would like more information about it, please contact our Trail Director, *Heather Murch* at Heather.Murch@hotmail.com.
